

Kindergarten Week of February 12, 2018

Coming up this week in Kinder we are starting a new unit called Our Country, Our Cultures. We will continue working with blending and sounding out words and sentence writing. Keep working on the High Frequency Words, you're doing Awesome! I will send home a Science study guide for review a couple days before the test. They are doing an outstanding job! Please be sure to praise their efforts at home, too. 😊

George Washington Day at Genesis is quickly approaching and in case you haven't heard, we like to celebrate him in a BIG way! Friday, February 23rd is our BIG celebration here at the East Campus and the festivities begin following the ONN news. Please join us for this fun-filled day! Our class will be demonstrating some of the games that were common back in the Colonial Period and we will all be dressed like colonials. (Details will come home this week).

As part of our Caring celebration this month, the K-2 students made Valentine's Day cards for the patients over at Trinity Rehab Center. 😊 We also made cards for the Veterans, family and friends.

Thursday the 15th, we will celebrate Valentine's Day with an ice cream party and a card exchange. There is a sign-up sheet for party donations outside the classroom door. A list of the students was sent home in Friday folders. If you are in need of another copy, please let me know.

Friday the 16th, is noon-dismissal day for teacher in-service. Grades K-2 will be released at 11:45 a.m., so there will be no lunch served. There is also no school next Monday, February 19th, in honor of Presidents' Day, so have a super week and enjoy the long weekend ahead!

**Coming Up...**

**Wednesday, February 14**  
**Thursday, February 15**  
**Friday, February 16**
