

Kindergarten Week of October 8, 2018

We are on our way to great reading adventures! The students have been bringing home their pre-decodables and working on sight words. We have also been having fun learning our number words!

In Math we will be writing up to 70 and continuing to work on number recognition to 100. We will also be working on ordinal numbers to 10, counting both forward and backward, and making patterns.

In Science we are continuing our unit on, Where Plants and Animals Live.

Fall Festival is coming up, Saturday, October 27th.

Please don't forget that donations for our class basket. "A Family Night Out", are due by October 24th. We are still in need of many donations. The suggestion sheet is posted outside of our classroom door.
